## Leadership Principles from Zephaniah

---

### *Confront Tough Issues (Demonstrate Core Values)*

There may come a time when God wants you to confront tough issues. As with Zephaniah, not everyone will agree with you [[Zeph 2:4-15](#)].

- Will you speak as God desires?
- What will you do to be sure you are leaning on God rather than operating in your own strength?
- How will you manage the conflict you may face?
